

Dear Parent / Carers

Thank you for your support in ensuring your child is punctual and arrives on site by 8.15am each morning ready to learn. Students move to start their period 1 lessons at 8.20am each morning.

The school population is now bigger than it has ever been, with some year groups significantly oversubscribed. Whilst we are proud to be a school that families want their children to attend, and a hub in the local community it does mean that academy entrances and exits on Tenter Balk Lane and Windmill Balk Lane are very busy at the start and end of the academy day.

We request that parents/carers are mindful of the number of students in this area at peak times and drive accordingly to keep children safe. Please also consider not parking close to the academy gates, so as not to create dangerous situations where students are crossing roads. We have continued to raise concerns with local authority leaders about students crossing the dual carriageway and the need for highways safety measures in this area.

Please also be mindful of residents who live close to the academy, as we have had several reports of blocked driveways during the school day.

I am sure that you will want to support us in providing a safe environment for our students and as always I'm thankful for the support of all parents and carers who support us and our students each and every day.

Yours sincerely

Andy Scruby
