

5 December 2023

Dear Parent / Carer

As part of our personal development curriculum we are keen to provide students with skills and knowledge that will support them now and in the future.

On Friday this week students in Year 11 will be attending an assembly as part of a campaign supporting road safety and being safe whilst driving. The assembly is hosted by Mrs Swiffen and our guest Vicki McCarthy.

The assembly which was delivered earlier this term to 6th form students details a tragic incident in Conisbrough where 5 young people lost their lives. The session delivers key messages to young people as they potentially start their driving lessons in the near future.

The campaign has recently gathered significant media attention and we will be joined on the day by Calendar news and also expect coverage on Good Morning Britain alongside other local and national outlets.

More coverage about the campaign can be found below (as featured in the Doncaster FreePress last week)

<https://www.doncasterfreepress.co.uk/education/devastated-mum-and-teacher-have-joined-forces-to-give-road-safety-message-after-tragic-death-of-five-teens-4422371>

Due to the sensitive nature of the assembly and the local and national coverage we understand that some families may prefer their child not to attend the assembly. If you would like your child to **not** to be part of this assembly and potentially local and national coverage please contact us via the form linked below.
